Cleveland's Hawaiian Policy Condemned Abroad.

Free Wool Under the Wilson Bill Sooner Than Anticipated.

No Annexation of Utah to Nevada.

Special Dispatches to THE RECORD. NEW YORK, Jan. 18.—Silver, 69; Lead,

SALT LAKE, Jan., 13. - Pills were intro-duced in each house of the legislature for the abolition of the Utah Commission,

A dispatch from Washington last evening states that it is likely that the Utah Statehood bill will be reported. The indications are that the report will be ucanimous for admission. It is understood that Senator Proctor, who has heretofore favored union with Nevada, is willing to withdraw all opposition. Both Senators Jones and Stewart are now committed in opposition to annexation and in favor of admission. The prospects are therefore strong for favorable action on the Utah bill during the present

Delegate Rawlins yesterday asked unanimous consent for consideration of the bill permitting Salt Lake City to become indebted, including the present indebteduces to the amount of eix per cent of its taxable valuation. The bill passed without objec-

The Wilson bill came up for consideration yesterday and Wilson was given an agreeable surprise by the radical free traders in the House who will insist that the free wool clause of the bill shall be made effective immediately upon the passage of the bill. If the measure passes this assion, Wilson's hope will be realized nearly twelve months sooner than he anticipated. It was his intention to offer an amendment making the woolen schedule go into effect about one year from next month, but his colleagues have thought it should go into effect mooner.

NEW YORK, Jan., 18 .- A special cable from Rio states that the Brazilian capitol is still indulging in the barbarities of war. Yesterday a merciless bombardment occurred and many inoffensive civilians were shot down at Rio. It is doubted at Rio if avail. Mello will be able to muster sufficient men to warrant him in making a landing any where near Rio. He is compelled to limit Francisco left here last week and this evenhis operations to shelling the lowe, a practice that will ultimately cause him to be defeated. It is stated that the insurgent Admiral has just about reached the end of his ammunition. If Piexoto had one or two effective ships it is thought he could soon put an end to the unnecessary hostilities. Continuous attacks have been made for the last two days by the rebel fleet upon the landing places of the Nictheroy. It is also rumored that there is a split in the rebel councils, business continues hopelessly tangled up and impeded and everybody ashore and affoat is heartily wishing for a speedy termination of the monotonous struggle.

SALT LAKE, Jan. 17-The legislators made a visit to and inspection of the Territorial Reform School at Ogden Monday.

The Salt Lake County Wool Growers Association have memorialized the United States Senate against placing wool on the free list.

The new Police Justice yesterday notified the tinhorus and vagrants that they must mend their ways, leave the city or go to jail. Colorado men are reported as taking bonds on a number of properties at Camp

W. H. Rowe was granted a railroad franchise yesterday between the city limits and Big Cottonwood, by the county court.

A dispatch from Rio last night states that a big battle was fought at Rio and that Piexoto's forces were routed by the rebels. Many troops were killed. It is difficult to get at the facts in regard to the number killed and wounded. The rebels claim that at least 100 of Piexoto's troops were killed or wounded during the attack upon the "Guanabara" by small boats, and probably as many more during the robel ships attack upon the land batteries. The Guanabara had the best of the fight between it and the shore batteries, running close in shore and making very effective use of her guns, which caused the government forces to retire from their positions, leaving behind them the dead and wounded. Piexoto's officers, while the Guanabara was within easy distance from the shore, suddenly made an attack upon her by means of a number of small boats filled with troops, but this movement was unsuccessful, as Guanabara opened such a deadly fire that she easily beat off the boarding parties, killing a large number of soldiers. The people of Rio are heartily tired of the war and are anxious for peace.

A dispatch from Washington states that the restoration scheme of Cleveland's regarding the Hawaiian affair has been abandoned. A solution to the question will be ready to submit to the House before January 25th. The London press comments on Cleveland's actions in this matter are far from complimentary to the President, whom they accuse of trying to make a fool of the Queen and of trying to bring disgrace upon story: A men visited an Indian camp near

all time abandoned, not only in the execunever be heard of again."

After the 30th of this month one will be able to buy a telephone for a few dollars and for \$35 you can purchase a complete telephone system with all necessary implements for both ends of the line. Hitherto it would be impossible to purchase the implements at any price, as they were controlled by patents held by the American Bell Felsphone Co, the fundamental Bell Telephone patent expired on March 7th of last year. The patent of January 30, 1877 is now about expired. After the 30th of this mouth telephones will be sold like hats

A dispatch from Washington last evening says concerning Statehood that the friends of Statehood are working hard and announced yesterday that they were confident that the Utah admission bill will be taken up in the Senate committee on Territories this week. Senators Faulkner and Bates are understood to be ready to report the Rawlins bill whenever a full committee can be got together. Delegate Rawlins says he is sure the admission bill will go through the Senate at the present

BUFFALO, N. Y., Jan. 11-Edwin M. Field, son of the late Cyrus M. Field, was released from the insane asylum to-day and taken to New York to stand trial for ruining his stock firm by forging stock certificates and engaging in fraudulent financiering. He was arrested, adjudged insane, and sent here for treatment, under order of the Supreme Court, two years ago. He is under many indictments, and his bail aggregates \$400,000. His crookedness ruined his millionaire father, who died shortly afterwards of a broken heart.

New York, Jan. 11,-The whole front of a tenment house at No. 54 Avenue D, was almost blown out to night with a dynamite bomb. The explosion occurred in a vacant tailor shop on the premises. No cause is known for the attempt.

A Herald special from Jacksonville, Fla., says the state militia will not turn out if called upon, to stop the Corbett-Mitchell fight. On being interviewed they said, knowing of no law to warrant the Governor in proclaiming martial law to prevent boxing contests, they would not recognize him in the matter. They declared they were still loyal to the state, and would hope to remain good militiamen, but would not allow the Governor to arrogate to himself powers he did not possess under the statutes and use them to injure their relatives and friends.

OUR WASHINGTON LETTER.

Correspondence of THE RECORD

WASHINGTON, January 9, 1894. The most bitter opponent of Mr. Cleveland and the Democratic majority in Congress could not possibly have wished them to occupy a more humiliating position before the country than they stand-cower, would probably be the most truly expressive word to use-in to-day. The majority of the House Ways and Means Committee at the dictation of Mr. Cleveland prepared a moustrosity in the shape of the tariff bill which was condemned from every section of the country and by all classes of citizens as soon as its nature was known. Having done Mr. Cleveland's bidding in preparing the tariff bill, the majority of the Demograta on that committee concluded to do a stroke of business on their own account, and the outcome was proposed income tax, to which Mr. Cleveland is as bitterly opposed as forty or fifty Democrats are to the Cieveland tariff bill. Result: a revolt of formidable proportions in the Democrotic ranks which appears to threaten the very existence of the party which has never in thirty years carried an election, except by making promises that it had no idea of carrying out. Since last Wednesday the party which has two-thirds of the House has been unable to gist. vote, although there has been a quorum of

A Racking Cough

Cured by Ayer's Cherry Pectoral Mrs. P. D. HALL, 217 Genessee St., Lockport, N. Y., says:

"Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accom panied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

Nearly in Despair,

and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then oc-Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."
